

We are becoming increasingly aware of contamination in our rivers, creeks and streams that occurs when we "flush" unwanted or unused pharmaceuticals. On Saturday, September 25th, the Drug Enforcement Administration, in partnership with local law enforcement agencies, are sponsoring a national drug take back event from 10:00 am -2:00 pm. Events are planned throughout Oregon and all around the US.

You can find the drug take back event being planned in your local area by using the search engine at the link below. Please dispose of your unwanted drugs in this environmentally sound manner.
