Last Updated 24, Feb. 2008

The SGID ArcSDE database server will be down for maintenance Sunday 2-24-08 from 06:30 to 08:30 am. The Department of Technology Services will be performing maintenance on the servers which house the SGID ArcSDE Database Server on Sunday, February 24th from 6:30 am to 8:30 am. The SGID ArcSDE Server and all services that use data from the SGID will be unavailable during this time period. Image Server and FTP services will be available as usual.
